

Interstate Telehealth Workgroup

March 3, 2023

SUMMARY

The Interstate Telehealth Workgroup (workgroup) convened on March 3, 2023 to discuss barriers to expanding interstate telehealth. Discussion items were organized by areas of focus for the interstate telehealth study [requested](#) by the House Health and Government Operations Committee. Workgroup participants considered potential solutions to enable expanded interstate telehealth practice.

For more information on the time and scope of future workgroup meetings, visit:
